

## 2015 Vortex Optics Timeline of Events

**7:00 a.m.** – Registration will open. Stop at the registration station to sign in for the shoot. You will be given your shoot card, t-shirt, and hat. For door prizes, you will be asked to write your name down on ticket. These will be drawn randomly throughout the day. NOTE: These are not the major Vortex prizes

- **Again: We have an Early Bird drawing that you must be present to win. Whoever registers to shoot at or before 9:00 a.m. will be entered to win a set of Viper HD 10x42 Binoculars.**
- Anyone who is in line registering to shoot at 9:00 a.m. will be included. We will draw the winner as soon as everyone in line has had a chance to register. The winner will have all day to claim the prize. If no one comes forward, we will draw again from the original pool of tickets during the final raffle drawing at end of day.

**7:30 a.m.** – Course will be open to shoot

**9:00 a.m.** – We will start up the novelty games

- Outside, we will run the lifesaver shoot. You will collect raffle tickets by hitting lifesavers at a known distance. The winner of this game will win half the cash. We may also run an additional Novelty shoot which is yet to be determined outside as well.
- Inside, we will be running the Genesis Bow/ Business Card game. You will be provided a Genesis Bow and arrows. You will attempt to hit business cards that are pinned to a target. Each card hit earns a raffle ticket, as well as a chance for a door prize. The raffle tickets can be used to enter for a chance to win a larger prize. Must be present at final drawing to win these raffle prizes.
- Raffle tickets from the Genesis Bow/Business Card Shoot can be used for raffle prizes. Each prize will have a bucket set up in front of it to put your ticket in. Each raffle ticket needs to be filled out legibly, with your name and phone number. **You need to be present to win**, with the drawing for these raffle prizes being at the end when we draw the Vortex Optics prizes.
  - o **We are still collecting prizes from sponsors, so we can't tell you yet what we will all have. But last year we raffled off 4 bows, a crossbow, backpacks, trail cameras and many more big prizes. With names like Athens Archery, Stothers Archery, Scorpyd Crossbows, Badlands. We expect to have much of the same type of prizes if not more.**
- We will shut down the Lifesaver game at approximately 2:00 pm when we start the Poker Shoot tourney. The Genesis Bow/Business Card will be shut down sometime between 4:00 – 5:00 pm.

**2:00 p.m.** – **New this year: Poker Hand Shoot Tournament**

- It will be \$5 to enter with one chance to buy back in once for \$5. We will turn up 4 cards in between you shooting 3 arrows at a target with 26 cards. Winner is the one with the best hand and they would move on from that round. So this will be a game of skill and chance. Winner will get cash or a prize to be determined.
- If time permits, we may run this more than once.

**3:30 p.m.** - Between 3:00 & 4:00 pm we will be attempting to get everyone through the target course. If you'd like to be eligible to be an Adult mentor in the Kids Shoot Off we should have your card in by 3:30 p.m.

**NOTE: All the times below are approximate. We want everyone to be able to enjoy shooting the course within reason.**

**3:30 - 4:00 p.m.** – We will shut down the field course and start setting up the Kids Shoot Off targets.

- We will be organizing who the adult shooters and getting the kids teams set.

**4:00 - 5:00 p.m.** – We will start the Kid's Shoot Off.

**5:00 - 6:00 p.m.** – We will announce the winners of the raffle prizes for the Genesis Bow/Business Card game. We will also announce any winners of any Vendor drawings at that time. And last but not least, we will have the final drawing for the big ticket Vortex prizes.

- **Again this year, the last prize drawn will be a pair of Razor HD 8x42 binoculars. You MUST be present to win this prize; only the winner may claim the prize. Names will be drawn until someone present wins.**
- **New this year all the workers will be in either a lime green (neon yellow) t-shirt or a lime green vest. This should make it easier for you to know who the workers are. That will be it, except for the major thanks to all who shot and to those who helped make it happen!**

**HAVE FUN, THERE ARE NO TROPHIES FOR THIS SHOOT, SO JUST HAVE FUN**

Thanks

Buzz Zwettler
